Showroom Demo option

Technical Features

Electronic Temperature Control: 50- 250 °C

Cavity material: Ever clean Enamel

No. of shelves: 3

Shelves type: Metal racks

Tilting grill

No. of lights: 1

Light type: Halogen

Light Power: 40 W

Light when door is opened

Grill element - power: 1500 W

Door: Temperate door

Performance / Energy Label

Net volume of the cavity: 40 litres

No. of cavities: 1

Gross volume: 50 litres

Microwave effective power: 1000 W

Total no. of door glasses: 3

No. of thermoreflecting door glasses: 2

Safety Thermostat

Heating suspended when door is opened

Cooling system: Tangential

Microwave screen protection

Microwave stops when door is opened

Usable cavity space dimensions: 462mm (L) x 407mm (W) x 212mm (H)

Functions

Microwave + circulaire:

To achieve a combined cooking with ventilated heat that cooks in short time thanks to the rotation of the warm air and the microwave.

Safe Cook:

Smeg ovens incorporate safe cook, the system for closed door grilling to keep cooking smells inside the oven and ensure a safe cooking environment.

ECO-logic:

option allows you to restrict the power limit of the appliance real energy saving.

Child lock:

some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Double glazed doors:

Double glazed doors are featured on some Smeg appliances

Air cooling system:

To ensure a safe surface temperatures.

Grill element:

This allows rapid cooking and browning of foods. Best results can be obtained from using the top shelf for small items, the lower shelves for larger items, such as chops or sausages. Cooking using this method should be carried out with the door closed, unless instructed to do otherwise.

Microwave:

Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Microwave + grill element:

To achieve a combined cooking with grill that cooks the outside whilst assuring an internal cooking thanks to the microwave function.

Defrost at time
